**SUBJECT: PRODUCT DISCONTINUANCE  
SELECT 60 SERIES CAMERAS AND RECOMMENDED REPLACEMENTS**

**REGION: Americas**

**DATE: August 11, 2025**

At Honeywell, we are committed to providing our customers with the most innovative and up-to-date video technology products. In pursuit of this goal, it occasionally becomes necessary to discontinue certain products to make way for newer offerings featuring the latest technology.

This bulletin is to inform you of the discontinuation of the following select 60 Series cameras, effective immediately. Product is available through early September while supplies last.

Replacement SKUs will be coming with our 60 series camera refresh scheduled to be launched in September 2025 (and are noted in the table below). The 60 Series refresh SKUs are available now for pre-ordering – please reach out to your Honeywell sales representative or our customer care team if you have any questions.

60 Series Camera Discontinuation and Recommended Replacements
