To answer to this RFx, please acknowledge receipt

In consideration of the opportunity to participate in on-line events ('On-Line Events') held and conducted by Honeywell or the company sponsoring this On-Line Event ('Sponsor') on the web site (this 'Site') hosted by Ivalua, Inc. ('Site Owner'), your company ('Participant' or 'You') agrees to the following terms and conditions ('Bidder Agreement'):

1. Bids. If You are invited to participate in the On-Line Event, Sponsor reserves the right to amend, modify or withdraw this On-Line Event. Sponsor reserves the right to accept or reject all or part of your proposal. Submission of a bid does not create a contract or any expectation by Participant of a future business relationship. Rather, by submitting a bid, you are making a firm offer which Sponsor may accept to form a contract, subject to section 2 below. Sponsor is not liable for any costs incurred by Participant in the preparation, presentation, or any other aspect of Participant's bid.

2. Price Quotes. Except to the extent Sponsor allows a non-binding bid, all bids which Participant submits through the On-Line Events are legally valid quotations without qualification, except for obvious data entry errors. Sponsor reserves the right to accept or reject all or part of Participant's bid. Every bid shall be based on and incorporate the terms and conditions provided by Sponsor, subject only to agreed upon exceptions documented in a signed writing duly executed by the parties.

3. Procedures and Rules. Participant further agrees to be bound by the procedures and rules established by the Site and Sponsor.

4. Confidentiality. Participant shall keep all user names and passwords, the On-Line Event content, other confidential materials provided by the Site and/or Sponsor, and all bids provided by You or another participating organization in confidence and shall not disclose the foregoing to any third party.

5. Bids through Site only. Participant agrees to submit bids only through the on-line bidding mechanism supplied by the Site and not to submit bids via any other mechanism including, but not limited to, post, courier, fax, E-mail, or orally unless specifically requested by Sponsor.

6. Ethical Conduct. All parties will prohibit unethical behavior and are expected to notify Honeywell by contacting the appropriate project team if they witness practices that are counter-productive to the fair operation of the On-Line Event. If Participant experiences any difficulties during a live On-Line Event, Participant must notify Honeywell immediately.

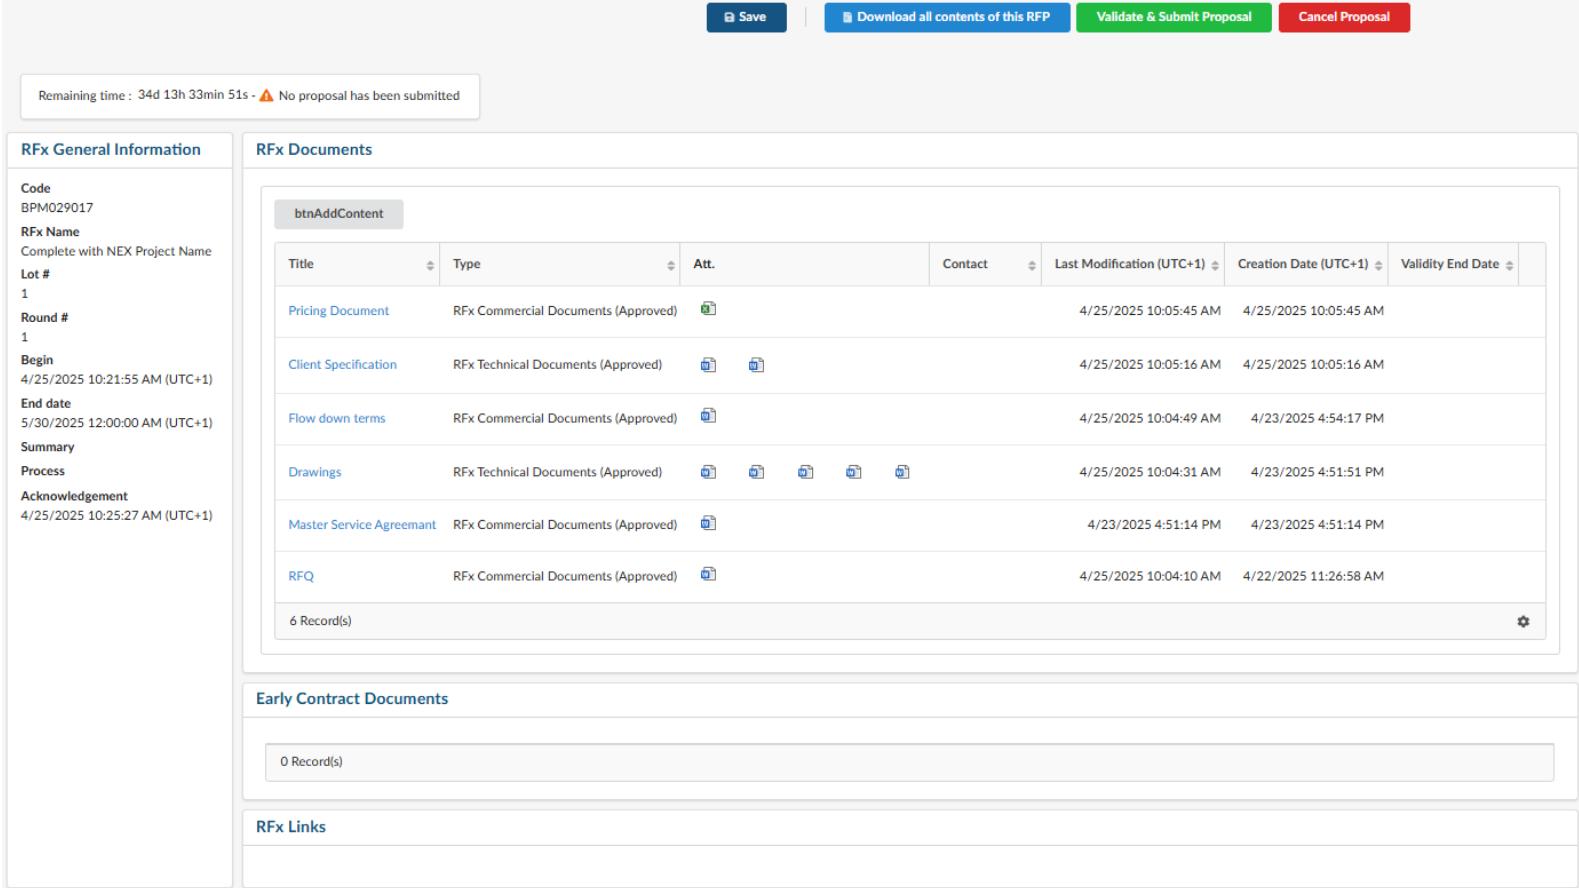

7. Survival. The terms and conditions of this Bidder Agreement shall survive completion of the On-Line Event.

8. All Honeywell employees and representatives are held to the highest standard of integrity and professional behavior in everything we do. We expect our Suppliers to adhere to specific requirements as well, as set forth in the Supplier Code of Conduct below.

We also require that all bidders who participate in Honeywell's requests for proposals, bids, auctions or similar competition fully disclose to Honeywell any potential conflicts of interest they may have, including but not limited to, any family relationship, material financial interest, or relationship with other bidders or with Honeywell personnel involved in the applicable competition and award decision. If in doubt, you should err in favor of disclosing the potential conflict to Honeywell before participating in the competition. Accordingly, by indicating your acceptance below, you have read the <http://hwell.co/CodeOfConduct> and agree that (1) any such potential conflicts of interest have been fully disclosed to Honeywell in writing; and (2) in all dealings with Honeywell, you will adhere to the Supplier Code of Conduct. If at any point, now or in the future, a conflict of interest or potential conflict of interest arises, you must promptly inform Honeywell in writing. Failure to do so may be grounds for termination.

I acknowledge receipt of this RFx

SUBCONTRACTOR RETURN

The screenshot shows the Honeywell RFQ system interface. On the left, a vertical menu bar includes 'View RFP', 'History' (circled in red), 'Info' (circled in red), 'Discussions with buyer', 'Questionnaire', and 'Manage my Team'. The main content area shows a proposal for 'Remaining time : 34d 12h 43min 25s - Current proposal has not been submitted'. The 'Info' section contains fields for 'Label' (Proposal # 2), 'Answer type' (Alternate proposal selected), 'Replaced proposal' (empty), 'Validity End' (empty), and 'Description' (empty). The 'Supplier Documents' section is highlighted with a red circle, showing a button to 'Click or Drag to add files'.

To return a proposal and quotations, this is done by the system.

On the menu bar click **Info**

You can then create a Proposal name in **Label, Validity and Description**

You can upload your documents in **Supplier Documents**

Minimum requirements

- Honeywell RFQ with signed acknowledgment and compliance
- Pricing document (as supplied)
- Official Quotation

Here you can also submit an alternative proposal or a proposal to replace existing. You can do this by new Label and stating a label type. When a replacement, you are required to select the proposal being replaced.

When complete, You can click **Validate/Submit** to submit the return to Honeywell (See last slide)
