The purpose of this document is to identify the patches that have been delivered by Microsoft® which have been tested against Pro-Watch. All the below listed patches have been tested against the current shipping version of Pro-Watch with no adverse effects being observed. Microsoft patches not listed below do not apply to a Pro-Watch system.

## 2025 – Microsoft® Patches Tested with Pro-Watch

### August 2025:

| Article   | Build Number    | Release date | Products                                                                                                                                                                                          | Download               | CVEs                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
