CAMERA PLUG-INS
FOR MILESTONE XPROTECT®

Honeywell camera plug-ins are a set of add-ons that sit on top of Milestone XProtect® VMS for enhancing user productivity, easing operations, and improving user experience to deliver a complete end-to-end video management solution.

IMPROVED PRODUCTIVITY FOR CAMERA INSTALLATION AND MANAGEMENT

- Honeywell camera plug-in for XProtect enables quick installation and updates of a large number of cameras at one time
  - Use the Configuration Tool to list, view, update, and seamlessly configure connected cameras simultaneously
  - Securely import cameras using a simple Excel file
  - Export cameras from an existing system and transfer to another system for quick and efficient setup
- Easily identify Honeywell cameras and their connected status to XProtect VMS
- Automatically access camera web page from XProtect to make any necessary camera configuration changes

INTELLIGENT SEARCH

- Supports analytics attribute search for quicker investigations
  - Search for persons of interest by gender, age, and color of personal clothing
  - Search for vehicles by type (truck, car, motorcycle) and vehicle color
  - Search for license plates by plate number
- Twelve different fisheye dewarping modes for customized navigation and advanced e-PTZ functions (pan, tilt, zoom)

INCREASED OPERATIONAL EFFICIENCY

- Flexible control of turning bounding boxes on/off within a camera view
- Different bounding box colors highlight when an alert occurs - red indicates alarm, green indicates normal activity
- On screen quick controls on XProtect Smart Client providing ability to quickly send Max/Min Zoom commands, Wiper on/off, and enable auto-tracking
